Chinese Temple Interior Props List with Specification (GPS 2)

The props list below are heavily taking influence from Chinese temple, especially from Guan Di temple for the statue. **Do note** that the reason I choose weird set up like single statue for interior is purely scale and time consideration, as we won't / can't completely duplicate real temple interior design into our game. Feel free to change the texture of some props if it affect the performance of the game. If there is anything still unclear for you, just msg me.

Here's a list of all props the player should find in our temple with image examples:

1. Altars / Offering Tables with flowers and fruits 中式供桌 (**Must Have**): The tables or platforms used for offerings and rituals, example image below. **Note** that the flowers and fruits on the table are(**Nice to Have**), feel free to use any flower and fruits you like.
